

12V solar container lithium battery integrated inverter

Overview

What is a mini inverter?

This mini inverter is compact, wall mountable and zero maintenance along with longer battery lifecycle . Sun LiON is a 12V system with 50Ah in-built LifePo4 Lithium-ion battery that supports both 12V and 24V solar panels.

Which solar inverter should I buy?

8% Sale! Looking for a solar inverter with battery backup and long life?

Sun Li-ON 1000 might just be the perfect fit for your needs. You can get started with a single 340W Solar Panel or 540W solar panel and connect the lithium integrated inverter to enjoy reliable back up and more savings.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Why should you choose a solar storage container?

Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy. Lower energy/maintenance costs ensure operational savings.
