

Amsterdam 20kw energy storage solution

Overview

Is there a roadmap for energy storage in the Netherlands?

In the Netherlands, there has also historically not been a roadmap or detailed industrial strategy with supportive legislation, policy, taxation reliefs, or investment incentives for the energy storage market.

What is the energy storage roadmap?

The government responded to some of the feedback from market participants, issuing its first Energy Storage Roadmap in June 2023. Amongst other points, this recognised the important role that energy storage will play in the coming years and the importance of market participants coming together to develop a holistic approach for storage assets.

What is the EU's electricity market reform plan?

In response to the recent volatility in the energy markets and longer-term changing nature of the electricity system, the EU Commission announced their electricity market reform plans in March 2023.
