

Andorra integrated solar street light

Overview

What is an-SLV solar street light?

AN-SLV series high-power commercial all in one LED solar street light is the latest cost-effective integrated outdoor solar led street lamp launched by Anern. The silver die-cast aluminum lamp body is equipped with a detachable battery box and COB LED lamp. The customized size is from 40W to 150W, suitable for different government projects.

What is Thor series solar street light?

THOR Series is the 2022 latest design Integrated solar street light, die-casting aluminum lamp body with black color with detachable battery box and cob led lights, customized size acceptable for your project. Classic all-in-one design, by using Philips led chip (150lm/w) with LiFePO4 lithium battery, well-favored by the market.

What is anern solar LED street lights?

Anern Solar LED street lights are a solar solution that replaces traditional street lights by combining solar energy and LED light sources. Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones.

What are all-in-one solar street lights?

All-in-one solar street lights combine solar panels, LED luminaires, batteries, controllers and brackets into a single, compact unit. For municipal and commercial projects, they dramatically simplify design and installation while delivering reliable, off-grid lighting in streets, parks, campuses and industrial sites.
