

Brazil Sao Paulo backup solar container system brand

Overview

Which Solis Inverter models are available for Brazil?

Solis's New Models for Brazil Solis has launched two advanced inverter models for Brazil: the S6-EH3P (30-50)K-H and the S6-EH2P (5-8)K02-SV-YD-L. These new models will bring significant improvements to energy storage and power management for residential and commercial customers.

Why is Brazil a good place to use solar energy?

As one of the largest economies in Latin America, Brazil is highly reliant on hydropower, which can be volatile during droughts, leading to power shortages and higher energy costs. However, Brazil has a huge solar potential, especially in sunny areas, which makes it one of the preferred places to utilize solar energy.

Is Solis the best inverter brand in 2025?

Solis has recently earned the prestigious recognition as the #1 most remembered inverter brand in 2025, according to Greener's market survey. This achievement reflects Solis' strong performance and increasing trust among professionals in the solar industry.

Who are Solis solar inverters?

Solis is one of the world's largest and most experienced manufacturers of solar inverters supplying products globally for multinational utility companies, commercial & industrial rooftop projects, and residential solar systems.
