

Brussels energy storage solar container lithium battery customization

Overview

Who needs energy storage battery solutions (Bess)?

Businesses, industries or public authorities. Increase the share of wind or solar power in your energy mix with our energy storage battery solutions (BESS).

What is a containerized energy storage system?

The Containerized energy storage system refers to large lithium energy storage systems installed in sturdy, portable shipping containers, which usually range from 5ft, 10ft, 20ft, and 40ft, and mainly focus on 50Kwh to 10Mwh.

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

How can equans help you build a battery energy storage system?

As a partner in your energy transition, Equans can help you build your Battery Energy Storage Systems (BESS). Whether on the scale of your company, industry or town, or as part of the creation of large-scale battery parks, we'll support you from A to Z, managing all interfaces with your systems.
