

**GETON CONTAINERS**

# **Canadian new energy solar container lithium battery pack**

## Overview

---

What is the capacity of e-storage battery?

The system has a nominal capacity of 5 MWh and a roundtrip efficiency of up to 95%. E-storage, the battery unit of Chinese-Canadian PV manufacturer Canadian Solar, has launched a new battery solution for utility-scale applications.

How long does a solar battery last?

E-storage, the battery unit of Chinese-Canadian PV manufacturer Canadian Solar, has launched a new battery solution for utility-scale applications. The Solbank 3.0 Plus system has reportedly a lifespan of 25 years, or 12,000 cycles, and a roundtrip efficiency of 95%.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Is e-storage launching a modular grid-scale battery?

Canadian Solar's subsidiary e-Storage will launch its newest modular grid-scale battery, the FlexBank 1.0, at the RE+ trade show in Las Vegas, Nevada September 8-11. The scalable battery offers up to 8.36 MWh of energy capacity and either a 2 MW, four-hour duration configuration or a 4 MW, two-hour configuration.
