

**GETON CONTAINERS**

# **Canberra Large Energy Storage Cabinet Supplier**

## Overview

---

### What is the Big Canberra battery?

The Big Canberra Battery will play a crucial role in managing peak electricity use demand and in supporting the ACT's transition to a more sustainable energy future. For technical specifications of our work on the Big Canberra Battery, or to discuss engaging us on similarly ambitious battery storage projects, please contact our team.

### Why should you choose a container energy storage system?

Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable integration, backup power, and off-grid energy supply. Why Choose a Container Energy Storage System?

All-in-One Power Solution – Integrated battery storage, inverter systems, and control units in one secure container.

### Will big battery power a third of Canberra households in 2025?

Canberra Times: ground breaking ceremony, plugging in profits from a big battery. ITP Renewables was engaged by EKU Energy to provide expert planning support throughout the development and delivery phases of the 250 MW Big Canberra Battery system, which will begin powering one-third of Canberra households from 2025.

### Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.
