

Canberra Solar Electric System

Overview

Is Canberra a good place to install solar panels?

Canberra averages around 2,600 sunshine hours every year (Source: Bureau of Meteorology), making it perfect for solar power. Rising energy costs mean solar panels help you lock in your own savings. Meta Electrical is your local Clean Energy Council Accredited Installer. We help you cut your bills and keep your energy local.

Do you need a solar company in Canberra?

Solar panels are an increasingly popular feature in many homes. With the opportunity to offset upfront costs with savings on your energy bills, solar panels are beginning to seem like a no-brainer for many Canberrans. To help you take advantage of solar power, you need a reliable solar company to install your panels and system.

Why should you go solar in Canberra?

Going solar in Canberra is one of the smartest ways to cut your power bills and protect yourself from rising energy costs. With plenty of sun and generous rebates, Canberra solar systems pay for themselves fast and keep saving you money for years.
