

GETON CONTAINERS

# China's solar container communication station inverter revenue

## Overview

---

What is the global solar inverter market share 2024?

According to Wood Mackenzie's "Global Solar Inverter and Module-Level Power Electronics Market Share 2024" report, the top 10 global PV inverter vendors captured 81% of the market. China led the charge, responsible for over half of global shipments as its solar demand doubled in 2023.

How did the PV inverter market perform in 2022?

In comparison, North America and Europe also saw double-digit growth in the PV inverter market, but it was mainly concentrated in the utility-scale sector. Residential inverter manufacturers faced slower demand growth and excess inventory due to oversupply beginning in 2022.

Why did solar inverter shipments surge 56% in 2023?

Solar inverter shipments surged by 56%, reaching 536 Gigawatts (GW) of alternating current (GWac) in 2023, reflecting robust growth in the solar industry, a latest report from Wood Mackenzie said.

Why did residential inverter market growth slow in 2022?

Residential inverter manufacturers faced slower demand growth and excess inventory due to oversupply beginning in 2022. In the U.S., central inverter manufacturers like Sungrow and Power Electronics led market growth, while in Europe, string inverter shipments from companies like Huawei, Sungrow, and SMA drove the expansion.

## China's solar container communication station inverter revenue

### [China Drives 56 Percent Surge in Global PV ...](#)

Global photovoltaic (PV) inverter shipments surged by 56 percent in 2023, reaching 536 GWAC, marking a robust year for the solar industry. According to Wood Mackenzie's latest report, 'Global Solar ...
