

GETON CONTAINERS

Customized container for generator sets in Mumbai India

Overview

Where can I buy gensets in India?

Alconet Containers is where you can buy gensets in India. Read more about our offer and the opportunities to hire or buy gensets. Gensets are the power supply of reefer containers.

What is a genset container?

Containers are top lifting enclosures and are part of a unit along with a Diesel Generator Set. Their design is based on the core principles of an ISO Shipping container and these enclosures are completely welded. Our containers are hugely popular among generator set manufacturers & genset rental companies owing to their durability & sturdiness.

What are containerized generator / packaged container and enclosure options?

Containerized generator / Packaged container and enclosure options provide alternatives to installations in existing or new buildings. We have significant experience with pre-packaged container and enclosure solutions for engine-generator sets, balance of plant equipment, and switchgear.

What is a self-contained generator enclosure?

It utilizes shipping containers or modular structures to create a self-contained environment for generators of various sizes. These enclosures are specifically engineered to provide flexibility, mobility, and durability while ensuring the safe and efficient operation of generator systems.
