

**GETON CONTAINERS**

# **Dublin Backup Power Communication BESS Power Station**

## Overview

---

How will a Bess power plant benefit the energy grid?

The BESS at the two facilities, which are owned by Keppel DC REIT, will provide additional flexible capacity to the power system, helping to integrate more renewable energy sources into the energy mix, as well as supporting the grid in times peak demand. The BESS will also add 8 MW of capacity to the grid ahead of the winter period.

Will Keppel install battery energy storage in Dublin?

Keppel is seeking to install battery energy storage at its data centers in Dublin, Ireland. The company has filed with the Fingal and South Dublin County Councils to install battery energy storage systems (BESS) at its two facilities in the Irish capital.

Who is supplying Bess solutions to Keppel DC Dublin 1 & 2?

GridBeyond will be supplying BESS solutions to Keppel DC Dublin 1 and 2 at City West and Ballycoolin, Ireland.

What is a new energy storage unit in Dublin 1?

At its Dublin 1 site in the Citywest Business Campus, the company aims to install an energy storage unit consisting of two new battery storage units, two new HV power skids (PCS transformer and HV RMU), two new MV transformers, concrete slab, and a security fence of 2.4 meters height including two new internal gate entrances.
