

Dublin CRRC Energy Storage Equipment

Overview

What is CRRC battery energy storage system?

Our battery energy storage system (BESS) product portfolio spans the largest utility scale batteries down to commercial systems. CRRC has installed/signed 48+ GWh (Q2 2025) of grid connected BESS, with #1 ranking in China, #3 globally, Bloomberg Tier 1 and a growing international portfolio.

Which battery energy storage systems are available in Ireland?

The Kylemore Battery Energy Storage System in Dublin went into operation in 2023 and has the capability of providing 30MW of fast-acting storage. The South Wall Battery Energy Storage System went live in 2023 and has the capability of providing 30MW of fast-acting energy storage.

How many MW of battery storage capacity are there in Ireland?

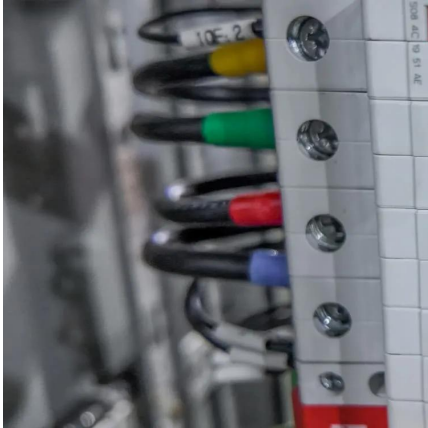

We currently have more than 300MWs of battery storage capacity in operation in Ireland, making it one of the largest battery portfolios in Europe. We plan to develop a pipeline of large scale battery projects, as well as additional renewable enabling technologies.

Which battery energy storage systems are available in 2023?

The South Wall Battery Energy Storage System went live in 2023 and has the capability of providing 30MW of fast-acting energy storage. The Poolbeg Battery Energy Storage System in Dublin went into operation in November 2023 and has the capability of providing 75MW of fast-acting energy storage.
