

GETON CONTAINERS

East African solar container communication station Battery Operation and Maintenance Company

Overview

How much solar power does east & central Africa have?

This hybrid system features 5.2 MWp of ground-mounted solar power, complemented by 4 MW/8.256 MWh of BESS. Once completed, it will be the first wheeling project in East & Central Africa, setting a new benchmark for the region's renewable energy development.

Who is soventix East Africa?

Soventix East Africa is dedicated to delivering client-centered solar solutions that support every stage of a project's lifecycle. From end-to-end project development to EPC turnkey construction, the company ensures each installation meets the highest standards of quality and reliability.

Who is solarepc & RESCOM energy?

As leaders in engineering procurement and construction, SolarEPC delivers turnkey solar and battery energy storage solutions for rooftop, commercial Rescom Energy is a clean energy solution company offering services in solar powered energy.

What is soventix East Africa's hybrid solar system?

A hybrid 14 MWp solar installation, combined with 9 MW/8.256 MWh of BESS and 12 MW of wind power, all integrated into a local microgrid that also includes 16 MW of Heavy Fuel Oil (HFO) generation. This project exemplifies Soventix East Africa's ability to create reliable hybrid systems for large-scale industrial applications.
