

GETON CONTAINERS

Electric battery cabinet

Overview

What is a battery cabinet?

Battery cabinets are a convenient storage solution that encourages staff to maintain the correct handling and storage procedures. By charging and storing batteries in the one location, you are reducing the likelihood of batteries being lost, stolen, damaged or left in unsafe conditions (such as outdoors).

What is a galaxy lithium ion battery cabinet?

The Galaxy Lithium-ion Battery Cabinets for 3-phase UPSs are sustainable, innovative energy storage solutions for data centers, industrial processes, and critical infrastructures. This UL9540A-compliant battery solution reduces battery footprint and weight by up to 70%, allowing more effective use of space.

What is the Eaton External Battery Cabinet (EBC)?

The Eaton External Battery Cabinet (EBC) is a component that provides extended emergency short-term backup power for the 93E 20-30 kVA and 40-60 kVA UPS systems. It enhances the usability and reliability of the systems by safeguarding operation during power interruptions such as brownouts and blackouts, offering cost-effective extended battery run time.

What are battery charging cabinets?

Battery charging cabinets are a type of safety cabinet that's designed especially for lithium-ion batteries. Over the recent years, as the prevalence of lithium-ion batteries has grown in workplaces, battery cabinets have become more popular due to the many risk control measures that they provide.
