

Estonia solar Hybrid Power Plant Project

Overview

What is the largest solar project in Estonia?

Together with our lead partner Connecto, Sunly, the project developer and investor, has awarded us the contract for the engineering and construction of the Risti 244 MW solar power plant in Estonia. This impressive solar project is currently the largest PV project in the Baltic States and in Estonia in particular.

Will Estonia get 244 MW of solar power?

A milestone for the energy transition in the Baltic States: 244 MW of solar power for Estonia! Great news from our Renewables business unit! Together with our lead partner Connecto, Sunly, the project developer and investor, has awarded us the contract for the engineering and construction of the Risti 244 MW solar power plant in Estonia.

What is a milestone for the energy transition in the Baltic states?

A milestone for the energy transition in the Baltic States: 244 MW of solar power for Estonia! - Dornier Group Start / Aktuelles / A milestone for the energy transition in the Baltic States: 244 MW of solar power for Estonia! A milestone for the energy transition in the Baltic States: 244 MW of solar power for Estonia!
