

High-power mobile three-level power box

Overview

What is the power box th 5/6/8/10/12/ 15K?

The three-phase hybrid inverter Power-Box TH 5/6/8/10/12/ 15K offers a maximum efficiency of 98.2% and features 18A DC current, making it suitable for the new generation of high-power PV modules.

What is a battery-box HVE?

The Battery-Box HVE is offered in combination with the single-phase hybrid inverter Power-Box SH3/3.7/4.6/5/6K or the three-phase hybrid inverter Power-Box TH5/6/8/10/12/ 15K by BYD, which makes it the first integrated residential energy storage system by BYD Energy Storage.

What is a hybrid inverter power-box SH 3/3.7/4.6/5/ 6K?

The single-phase hybrid inverter Power-Box SH 3/3.7/4.6/5/ 6K offers a high battery charging and discharging current of 35A. It features full backup function with 200% peak output power and seamless on-grid / off-grid switching as well as a maximum efficiency of 97.7%.

How many module types does the battery-box HVE offer?

The Battery-Box HVE offers two different module types: Within the innovative design of the Battery-Box HVE, these two module types can be combined in a single tower. This allows for a very flexible system design, as the installer is free to combine the 4.2kWh modules with the 6.4kWh modules.

High-power mobile three-level power box

BYD presents new complete solution with Battery-Box HVE and Power-Box

The three-phase hybrid inverter Power-Box TH5/6/8/10/12/15K offers a maximum efficiency of 98.2 percent and operates with 18 A DC. This makes it suitable for the new ...
