Home backup energy storage 3000w

Overview

How many output ports does a home3000 power station have?

17 Output Ports, Supports Various Household Appliances: Equipped with 17 output ports, including two wireless charging pads, a 3000W AC output port, and two PD 3.1 140W USB-C ports, the Home3000 power station can quickly charge 99.99% of your devices.

What charging methods does the home3000 support?

Three Charging Methods, Flexible and Convenient: The Home3000 supports three charging methods (wall outlet, solar, and wind energy), providing you with more options. When using an 1800W wall outlet, it can charge up to 80% in just 50 minutes.

What kind of battery does the gendome home3000 use?

Whether you're charging from a traditional power source or using solar or wind energy in remote areas, it ensures power wherever you are Durable and Safe EV-grade LiFePO₄ Battery: The Gendome Home3000 uses a high-performance EV-grade LiFePO₄ battery, which lasts for over 6500 charge cycles while still retaining 60% of its original capacity.

How can I control my home3000 remotely?

Smart Control, Monitor Usage Anytime: With the Gendome app, you can easily control the Home3000 remotely. Monitor battery status, view historical usage records, adjust charging speed, and more, keeping full control of your device at all times for a more convenient experience. This product is from a small business brand. S. Learn more
