

How to communicate without a base station in Copenhagen

Overview

How can I navigate Copenhagen's public transport?

A few apps and websites can make navigating Copenhagen's public transport a breeze: **Rejseplanen**: This app is like your personal guide to the Danish transport system. It helps you plan your route, showing the fastest ways to get from point A to point B using any combination of buses, trains, and metro.

Is Copenhagen's public transport eco-friendly?

The public transport system is also eco-friendly, which fits right in with Denmark's sustainability goals. So, not only will you be saving money and time, but you'll also be doing your bit for the environment! Copenhagen's public transport is mainly divided into four parts:.

How does public transportation work in Copenhagen?

Copenhagen's public transportation operates on a zone-based fare structure that forms the foundation of all ticketing options. The city and surrounding areas are divided into numbered zones, with the city center designated as zone 1.

How do I get to Copenhagen without a Rejsekort?

You can pay directly through the app, making it a convenient option if you're out and about without a Rejsekort. **Google Maps**: Google Maps integrates well with Copenhagen's public transport system, showing real-time schedules and the best routes. Just type in your destination and let it guide you.
