

Huawei energy storage power supply application scope

Overview

Why did Huawei participate in the electricity connect 2024?

The Electricity Connect 2024, held by Indonesian Electricity Society (MKI) and themed Go Beyond Power: Energizing the Future, took place in Jakarta from November 20 to 22. Huawei was invited to participate and received the prestigious Best Partner of Electric Power Digital Transformation and Energy Transition award from the MKI.

What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

What is Huawei's power broadband operations solution?

Huawei's Power Broadband Operations Solution empowers PLN to launch home broadband services, providing the ultimate network experience for millions of households in Indonesia.

What is Huawei's intelligent power distribution solution?

Huawei's Intelligent Power Distribution Solution contributes to the implementation of transparent sensing of power distribution transformer districts and the enhancement of intelligent service capabilities, providing users with a greener, more stable and safer power consumption experience.

Huawei energy storage power supply application scope

Energy storage at scale

Huawei has more than 30 years of experience with digital and energy technologies. Through management, control, energy storage, and power electronics technologies, ...
