

Hybrid power inverter factory in Auckland

Overview

Who installs sigenergy hybrid inverters & energy storage solutions in New Zealand?

Planet Electrical is proud to install Sigenergy hybrid inverters and energy storage solutions across New Zealand. With their advanced technology, reliability, and efficiency, Sigenergy is an excellent choice for anyone looking to reduce energy costs, maximize solar power, and achieve energy independence.

What types of solar inverters are available in NZ?

There are different types of inverter available. This includes inverters that can connect to the electricity grid based on your home's connection. One of the most common types of solar inverter in use in NZ, however, is the hybrid inverter.

Why should you buy a solar inverter in NZ in June 2025?

June 2025 marks a turning point for solar in NZ, with new builds, rural financing, and ICP growth pointing to structural change across residential, industrial, and utility sectors. Source high-performance hybrid, residential & commercial solar inverters. Complete technical support, local stock, and comprehensive warranties for your installations.

What is a sigenergy hybrid inverter?

Sigenergy Hybrid Inverter – Converts solar power into usable electricity and manages energy flow between the grid, battery, and home. SigenStor Battery – A scalable all-in-one storage system that integrates seamlessly with Sigenergy inverters. Sigenergy Energy Management System – AI-driven technology that ensures optimal energy usage and savings.
