

# Is the communication progress of base stations in Tunisia slow

## Overview

---

How can Tunisia improve Internet connectivity?

Stimulated by the Digital Tunisia 2020 program, a five-year national ICT development plan from 2016 to 2020, several regulatory measures and infrastructure projects have been undertaken to improve internet connectivity all over Tunisia. Tunisie Telecom is Tunisia's leading provider of international internet connectivity.

Can Tunisia expand its bandwidth?

Tunisia is considering various options to further expand its bandwidth and is exploring a new submarine cable project that would connect Tunisia's northern town of Bizerte to Marseille in France. In 2009, Tunisia awarded the first third-generation (3G) mobile license to Orange Tunisie, followed by Tunisie Telecom in 2010 and Ooredoo in 2012.

Who is Tunisie Telecom?

Tunisie Telecom is Tunisia's leading provider of international internet connectivity. The company manages three sub-sea cables; one of them, a 112-mile fiber-optic cable, is owned and operated by Tunisie Telecom and connects the city of Kelibia in Tunisia with the Italian city of Mazara.

Who controls the mobile services market in Tunisia?

Four major operators control the mobile services market. Tunisia's largest telecom company is Ooredoo (Orascom Telecom Tunisia). In 2022, Tunisie Telecom had 39.7% of the market, Ooredoo 37.4%, and Orange Tunisie 22.9%. Lycamobile had an insignificant market share.
