# Is there a solar glass factory in Bangkok

## Overview

---

Could Thailand be on a fast track to a solar-powered future?

Poramet Ngampichet, Mayor of Pattaya City, outlined a bold vision for a greener, cleaner future, leveraging solar power and clean energy solutions. With Thailand looking to ramp up its clean energy push, this initiative could put the country on a fast track to a solar-powered future, one rooftop at a time.

Is Thailand slashing red tape and supercharging solar panels?

Thailand's solar industry is set to shine brighter as the government launches a one-stop service centre aimed at slashing red tape and supercharging solar panel sales, according to suppliers.

Who is Asian solar?

Asian Solar is one of Southeast Asia's leading Solar Energy Firms. We are involved in design and installation of solar systems, as well as distributing solar panels from manufacturers in Thailand, China, and throughout Asia. Learn more about what we do Asian Solar has experience with diverse types of clients and installation scales
