

GETON CONTAINERS

Kyiv 12W solar street light manufacturer

Overview

Who is Inlux solar?

As a dedicated solar street light manufacturer, Inlux Solar provides OEM/ODM engineering, end-to-end quality control, and the documentation required for government tenders. Our team supports layouts and photometrics (IES/DIALux), wind-load and pole matching, and regional compliance.

Where can solar streetlights be used?

Ideal where panel orientation is critical, these solar streetlights suit highways, coastal roads and parking lot upgrades, offering energy saving operation and easy maintenance. Compact, plug-and-play solar lighting systems with integrated PV, Solar Battery, and controller.

Why should you choose a solar street light manufacturer?

Tender-ready specs and IES/DIALux support, strict QC and certifications, fast lead times, and full after-sales. As a high-quality commercial solar street light manufacturer, we engineer solar powered street lights that deliver reliable lighting for municipal and industrial corridors.

Are solar street lights a sustainable solution for Cox's Bazar refugee camps?

Inlux Solar's solar street lights are at the forefront of enhancing the Cox's Bazar refugee camps' ecological sustainability and living conditions. Our contribution to the United Nations' SAFE+2 program has been pivotal, providing 4,000 sets of solar street lights that light up the paths of nearly one million Rohingya refugees.
