

**GETON CONTAINERS**

# **Madrid medium frequency inverter equipment manufacturer**

## Overview

---

Who are the top 10 inverter manufacturers in Spain?

In this article, we will look at the top 10 inverter manufacturers in Spain who are playing a big role in this fast-growing industry — Ingeteam, Gamesa Electric, Innova, Seguridad Eléctrica, S.L., Power Electronics, Sunvec, Green Power Technologies, Atersa, Rekoser, Tensite Energy, Ledvance Renewables.

What is a medium frequency inverter?

Medium-frequency inverters cover a wide range of applications. We offer a frequency band from 3 to 40 kHz in which the full power of the inverter can be used. It can be set up as a parallel or series resonant circuit. Highly flexible design simplifies integration into your production process.

What is a frequency inverter?

A frequency inverter controls the speed or torque of an electric motor. It can operate in four quadrants, by acceleration or braking, and in either direction. Industrial uses for these devices include the control of high-power electric motors, machine tools and transport machinery.

How many companies are involved in inverter production?

Companies involved in Inverter production, a key component of solar systems. 22 Inverter manufacturers are listed below. List of Inverter manufacturers. A complete list of component companies involved in Inverter production.

## Madrid medium frequency inverter equipment manufacturer

### [Frequency inverters from EMA Indutec GmbH](#)

The EMA Indutec frequency inverters can be optimally adapted to any requirement thanks to their user-friendly operation and commissioning as well as their modular design.
