

Marseille 15kw energy storage

Overview

Who is Mars renewable?

We offer All-in-One energy storage solutions and full-lifecycle services to bring value to our customers. MARS RENEWABLE is born to be a global energy storage player. Our European operation first took root in Spain and now we have teams in full function in Italy and France.

Where is Mars renewable located?

Our European operation first took root in Spain and now we have teams in full function in Italy and France. Our R&D, testing, and system integration offices and facilities are located at the Yangtze River Delta region in China. MARS RENEWABLE is committed to becoming the global leader in energy storage technology and storage asset origination.

Why should you choose Mars renewable?

MARS RENEWABLE is committed to becoming the global leader in energy storage technology and storage asset origination. We believe our solutions and technologies will greatly help to accelerate the deployment of energy storage and renewables worldwide, and to empower our customers to achieve their ESG and sustainable vision.

Will ABN AMRO be the largest battery energy storage system in France?

Dan Dorner, Chief Commercial Officer Corporate Banking said: “We are happy to have supported this landmark project, which will become the largest battery energy storage system in France upon its completion. This marks ABN AMRO’s first BESS transaction in France, and builds upon our broader BESS and renewable energy track record.
