

Movable glass house under solar

Overview

Does a solarlux glass canopy add value to your home?

Adding a Solarlux glass canopy doesn't just enhance your outdoor space - it can also increase the appeal and value of your home. By creating a seamless connection between indoors and outdoors, you gain a functional extension of your living space that can be enjoyed all year round.

Are solarlux glass canopies good for outdoor space?

Wind and rain - no problem! Solarlux glass canopies provide reliable shelter from the elements, allowing you to enjoy your outdoor space whatever the weather. Adding a Solarlux glass canopy doesn't just enhance your outdoor space - it can also increase the appeal and value of your home.

What is a non insulated glass canopy?

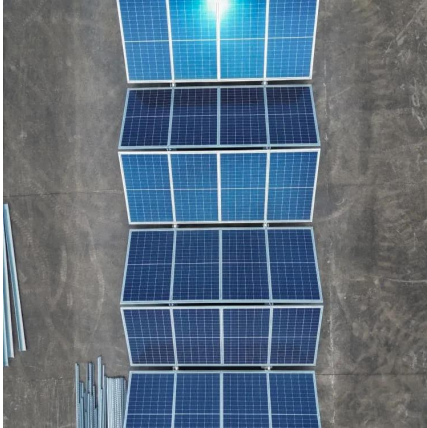

The non-insulated glass canopy or glass house can be attached to a building or as a standalone structure. Its multi-function uses both commercially and for the home include lounging, dining, socialising, outdoor kitchen, hot tub and pool cover. There are a range of accessories to suit your requirements:.

Can a glass canopy be used as a house/room structure?

With the addition of slide-and-turn panels to form side walls a glass canopy can then be transformed into striking glass house/room structure. These glass panels can be fully closed for protection from the wind and rain or conveniently stacked into the corner to open out the whole area in good weather conditions.
