

Netherlands Solar Water Pump Factory

Overview

Who makes solar water pumps?

WBS began producing water pumps in 1998. In 2008, we independently developed and produced solar water pumps. We have OEM production for more than 200 solar pump dealers around the world. Over the past 10 years, we have produced more than 150,000 sets of solar water pumps that have been exported to other parts of the world.

Where do you manufacture a water pump & system?

We design, manufacture and engineer high quality pumps and systems for a large variety of water applications in our 16.000m² factory in The Netherlands. With personal support and short lines for a tailored solution we can offer you best in class performance and the support you deserve.

How many countries does duijvelaar Pompen sell to?
