

Netherlands container solar air conditioning

Overview

Who is Klimaat Techniek Holland?

At Klimaat Techniek Holland, we offer sustainable and reliable solutions for your indoor climate. As an HVAC installer, we provide installation, maintenance and repair of heating, cooling and ventilation systems, such as heat pumps, air conditioning, central heating boilers and water softeners.

What is a solarcontainer?

The Solarcontainer is a photovoltaic power plant that was specially developed as a mobile power generator with collapsible PV modules as a mobile solar system, a grid-independent solution represents. Solar panels lay flat on the ground. This position ensures maximum energy harvest Panels lays flat on the ground.

What is a container air conditioner?

The container air conditioner is specially developed for factory prefabricated modules. It's suitable for all walks of life that require factory prefabrication and modularization, such as energy, electricity, communication, experimental research, plant cultivation, and new retail. Parameters: Ambient range: Standard is -15°C~+55°C.

Who is solarcont GmbH?

SolarCont GmbH was created through a cooperation between the two successful companies Hilber Solar GmbH from beautiful Tyrol and the company Gföllner Fahrzeugbau und Containertechnik GmbH, which is deeply rooted in Upper Austria. This cooperation makes it possible to develop a completely new type of mobile solar system.
