Outdoor power charging equipment

Overview

Why should you choose delta-Q charging solutions for outdoor power equipment?

From ride-on mowers to specialized zero-turn models, Delta-Q charging solutions meet the needs of outdoor power equipment to promote good charging habits and protect against external damage in outdoor environments. Outdoor power equipment has been transitioning from diesel power to lithium batteries and electric drive.

What is the XV series charging system?

The XV Series is the first-in-class, 3-in-1 mid-power charging system. It is compact, scalable and reliable – an ideal charging solution for powertrain electrification! Looking for more information?

What makes Delta-Q a reliable lawn & garden Charger?

Delta-Q serves the lawn and garden care industry with reliable charging solutions. Reliability comes from every charger being sealed to an IP66 rating to avoid damage from vibration, water, dust and chemicals.

What is an ICL battery charger?

The ICL Series are reliable, compact, rugged, automotive grade chargers that are enhanced to charge 9S to 34S lithium battery packs optimizing battery life and application performance.
