

# **Porto Novo is a manufacturer of solar inverters**

## Overview

---

What is the solar inverter manufacturing industry?

The solar inverter manufacturing industry plays a crucial role in the renewable energy sector, focusing on converting solar energy into viable power for consumption. Companies in this field create solar inverters, power management systems, and energy storage solutions, catering to residential, commercial, and utility markets.

Who makes ginlong solar inverters?

Ginlong Technologies, the company behind the Solis brand of inverters, is a prominent solar inverter manufacturer focused on advanced, affordable technology. Based in China, Ginlong provides high-quality inverters known for their reliability, ease of installation, and efficient power management.

Who makes solar PV inverters?

Other major players in the solar PV inverter industry include Fronius (Austria) and Schneider Electric SE (France), as well as Enphase Energy, Morningstar Corporation, and Tesla (all three companies from the United States). Fronius inverters are suitable for varied customer requirements—from a family home to a large-scale system.

Who makes Delta Solar inverters?

Delta Electronics is a well-established global manufacturer of solar inverters, offering reliable and efficient solutions for solar energy systems of all sizes. Based in Taiwan, Delta has a reputation for innovation in power electronics and energy management.
