

**GETON CONTAINERS**

# **Requirements for Warsaw hydraulic energy storage lithium batteries**

## Overview

---

Are battery energy storage systems legal in Poland?

Despite increasing regulatory activity, Poland still lacks a dedicated legal framework for Battery energy storage systems. Key risks include: Investors should conduct due diligence early and maintain close coordination with public authorities. Need legal support for a BESS project in Poland?

Who will supply ESS batteries in Poland?

The contractor on the project will be LG Energy Solution Wrocław. The Polish unit of the Korean battery maker won the project tender offering the price of PLN 1.555 billion (\$384 million). On Monday, LG Energy Solution confirmed that it had signed an agreement with PGE to supply 981MWh of grid-scale ESS batteries between 2026 and 2027.

How much money does Poland spend on battery energy storage?

Poland has finalized a comprehensive subsidy program aimed at accelerating the deployment of battery energy storage systems (BESS), with a total budget of PLN 4 billion (approximately €1 billion).

What is the largest battery energy storage facility in Poland?

With a power output of 262 MW and a storage capacity of around 981 MWh, the facility will be by far the largest battery energy storage facility in Poland and one of the largest in Europe. The contractor on the project will be LG Energy Solution Wrocław.

## Requirements for Warsaw hydraulic energy storage lithium batteries

### Polish utility plans to add 10 GWh of energy storage projects ...

Polish utility PGE Group is planning to add more than 80 energy storage facilities through to 2035 to the tune of PLN 18 billion (\$4.7 billion). One of these will be the 981 MWh ...
