Overview

Where to buy solar street light in China?

Contact us for customized service. PHOEBUS is one of the most professional solar street light manufacturers and suppliers in China. Please feel free to wholesale high quality solar street light for sale here from our factory. For customized service, contact us now.

Who is solar LED street light factory?

Owning a solar LED street light factory, we mainly produce solar street lamps, outdoor power supplies and household energy storage systems, provide high-quality solar LED street light China products and services, and have passed the certification of ce, rohs, etl, etc.

What are solar street lights?

Solar street lights are lighting fixtures that use solar energy to illuminate public areas at night. They use LED technology for better efficiency and store energy in batteries for later use.

What is the cost of solar street lights?

Solar street lights with motion sensors or different models cost around \$5,000-\$6,000 over their 15-year lifespan. This makes them cheaper and more cost-efficient compared to traditional lampposts, which cost around \$12,000 during the same period.
