

**GETON CONTAINERS**

# **Solar industry component prices**

## Overview

---

### What is Opis global solar markets?

From upstream polysilicon, wafers and cells, to downstream panel prices, OPIS Global Solar Markets keeps you updated on solar price trends and forward prices. It is the first solar materials price report to use an assessment methodology that follows IOSCO requirements for fair and transparent pricing.

### What is changing in the solar PV industry?

This in-depth webinar explores the dynamic transformations occurring within the global solar photovoltaic (PV) industry. As geopolitical factors, trade policies, and manufacturing strategies evolve, the landscape of solar PV production and distribution is undergoing significant change. [WATCH IT NOW >](#).

### Why is solar panel price assessment important?

Energy transition is well underway as demand shifts from fossil fuels to low-carbon energy sources. Increased demand for solar panel materials combine with a fatigued supply chain to create a volatile market. Accurate, trusted price assessments for solar panel components is more vital than ever before.

### Where did photovoltaic cost data come from?

Photovoltaic cost data between 1975 and 2003 has been taken from Nemet (2009), between 2004 and 2009 from Farmer & Lafond (2016), and since 2010 from IRENA. Prices from Nemet (2009) and Farmer & Lafond (2016) have been converted to 2024 US\$ using the US GDP deflator, to account for the effects of inflation.

## Solar industry component prices

### Solar (photovoltaic) panel prices

"Solar photovoltaic module price" [dataset]. IRENA, "Renewable Power Generation Costs in 2024"; Nemet, "Interim monitoring of cost dynamics for publicly supported energy technologies"; Farmer and ...
