

# **Solar inverter ABC**

## Overview

---

What is the n-type ABC solar module?

The N-type ABC module, a breakthrough innovation, defines the aesthetic-black solar module with all-round excellence and precise technology, and was selected based on the four principles of good design and by taking into account the social-cultural character, specific technical focus area and design expertise.

Who is ABC solar?

ABC Solar, your most professional partner in the solar energy field. We will provide you with professional, reliable, and efficient services, and provide green and sustainable energy solutions for your homes and businesses.

Who is ABC solar store?

We are the direct agents of global top tier brands Huawei and Longi in South Africa, bringing the latest technologies in the solar energy field to South Africa in a timely manner. © 2025 ABC Solar Store. Powered by ABC Solar Store.

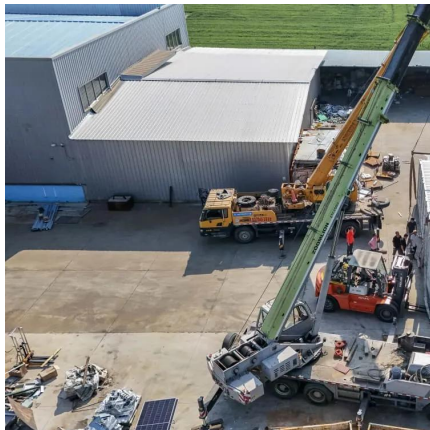

Why should you choose Aiko Gen2 ABC solar panels?

With the second improvement of Aiko Gen2 ABC modules, the safety and reliability of its solar systems against inclement weather is further reinforced. This new feature counteracts the dangers created by prolonged shading, which can cause hot spots, cell degradation and fires.
