Station uninterrupted power supply

Station uninterrupted power supply

"Could you tell me where the train station is?" Is it correct?

In BE you don't need to say train/rail/railway. You can just say station, because railway station is what it means by default. If you mean a different kind of station, you would ...

[at the/in the police station/fire station](#)

Well, just to start things off, generally in American English we say the police station, the fire station, the hospital, etc. This is even if we don't have a clue which one is intended.

[to a station or to the station](#)

We would really need more context. It depends on whether we are talking about a particular station or any station. I don't think there can be a rule about only using 'the' in these ...

[bus station/bus stop , WordReference Forums](#)

A bus "station" is not a bus "terminal"; though a "terminal" is a "station-on-steroids". This is why certain facilities are called bus, train, and/or passenger terminals; while other ...

in/at the station

Hi, I was wondering which preposition is better in the following sentence because I have seen both options: "The train arrives in Waterloo station at 6:30" or "The train arrives at ...
