Venezuela Communications Green Base Station Network

Overview

Are green cellular base stations sustainable?

This study presents an overview of sustainable and green cellular base stations (BSs), which account for most of the energy consumed in cellular networks. We review the architecture of the BS and the power consumption model, and then summarize the trends in green cellular network research over the past decade.

How many 4G sites will Venezuela have by 2025?

The government also hopes to deploy around 2,100 new 4G cell sites by 2025 to achieve 90% population coverage. Movistar is part of the Telefónica Group and has a market share of nearly 54% of the country's mobile market, it is the leader in Venezuela's mobile market, with a customer base exceeding 7 million.

Who regulates mobile telecommunications in Venezuela?

Mobile telecommunications in Venezuela are regulated by CONATEL (Comisión Nacional de Telecomunicaciones), which oversees the licensing and operation of mobile operators. The market is characterized by a mix of state-owned and private entities. There are three main mobile operators; Digitel, Movilnet and Movistar.

Is Digitel the fastest mobile network in Venezuela?

Digitel received the Ookla Speedtest Award 2023, after consolidating itself as the fastest mobile network in Venezuela. Digitel reported that on June 7 2024, it carried out the first tests of 5G technology in the 3.5 GHz band, in the states of Nueva Esparta and Barinas.
