Victoria Base Station Site Planning

Overview

What is a place to guide planning in Victoria?

One place to guide planning in Victoria Planning is about creating plans and policies that guide the use of land and the development of buildings, infrastructure, and public spaces. Help us make decisions that reflect the best interests of our diverse Victorian community and environment.

How do I find a property or parcel in Victoria?

You can use it to locate any property or parcel in Victoria using the address/parcel search, or by browsing on the map. You can also access direct links to the planning rules for a site in the planning scheme. From VicPlan you can create a Planning property or parcel report with localised maps showing the zone and overlays.

What services are provided at Victoria Cross station?

mpletion and how post Station opening OSD construction works will be segregated until OSD completion.11 STATION SERVICESThe services scope provided within the Victoria Cross station include both services required for the station operat on as well as the integration of systems provided by Line-Wide Contractor's (LW quipment and Cabli.

How many base map options does vicplan have?

VicPlan has 4 base map options: Colour: default base map. Greyscale: a Mapscape base map designed for better zone or overlay comparison to the base map. This base is available up to a 1:5,000 scale. Aerial: shows the map with satellite imagery. Shows different landscapes on the map, for example vegetation.
